KILALA?

WHAT'S
WRONG?

PRINCESS

in Japanese

姫

means Princess in Japanese. It's pronounced "hime" ("hi" as in "heat" and "me" as in "melon")

Princess Aurora and Snow White are two princesses with "hime" in their name.

Do you see where the character is?

白雪姫
SNOW WHITE

オーロラ姫
PRINCESS
AURORA

You may not be able to tell by just looking at it, but this kanji (Chinese character) is actually composed of two parts!

女 and 臣

女 (onna) means "woman," while
臣 (jin) means "subject." A "woman subject" is a princess!

Other useful words the symbol of 女 appears to include:

娘 (nyoume) = daughter

What are women best at being?

嬉しい (ureshii) = happy

But, uh-oh, it's also to:

嫌い (kirai) = to hate
